

is seeking a

ADVISOR, TRANSPORTATION POLICY & PLANNING

Permanent Position

Metrolinx is responsible for leading the planning, development, implementation and financing of an integrated multi-modal transportation network for the Greater Toronto and Hamilton Area (GTHA). Taking a regional approach, Metrolinx will bring together the province, municipalities and transit authorities to produce long-term, economically and environmentally sustainable transportation solutions.

Reporting to the Manager of Transportation Policy and Planning, you will conduct comprehensive policy analysis and research and provide input and advice on transportation and land use issues with consideration of their environmental and social impacts. You will facilitate policy and planning development with transportation stakeholders, municipal partners, and provincial ministries and jurisdictions. Utilizing your experience in working within multi-disciplinary project teams on transportation and/or land use policy and planning you will be a valued team member for the further development and implementation of the Regional Transportation Plan for the GTHA policies, program design and pilot initiatives for areas such as mobility hubs, goods movement, parking and active transportation. You will also develop planning reports and discussion papers, to resolve / respond to innovative issues and / or identify precedent setting concepts and models relative to transportation planning.

Location: 20 Bay Street, Toronto

Qualifications: Demonstrated knowledge and experience in transportation policy analysis, transportation modeling and project development processes and current transportation policies, planning, programs, legislation and directions. Thorough understanding of land use planning and multi-modal transportation theory and issues; environmental issues and processes; economic theory/principles; and linkages with provincial and stakeholder transportation issues. Strong planning, analytical/problem-solving, negotiation, research, consultation, and facilitation skills. Excellent oral and written communication, presentation and stakeholder management skills. Experience in project management, human relations, and business management skills. Working knowledge of the current provincial and municipal legislative milieu including the Places to Grow Act, Planning Act, Environmental Assessment Act, Public Transportation and Highway Improvement Act, Highway Traffic Act, Development Charges Act, and other Acts or regulations that apply to Metrolinx undertakings is required.

Salary is commensurate with experience.
