

is seeking a

PROGRAM COORDINATOR, SCHOOL-BASED TDM
Salary Range: \$52,000.00 - \$60,000.00 annually
Two Year Assignment

Join the team with a mission to champion, develop, and implement an integrated transportation system for the Greater Toronto and Hamilton Area (GTHA) that enhances prosperity, sustainability and quality of life. **Metrolinx** (legally known as the Greater Toronto Transportation Authority) is looking for a highly motivated, creative, and result-driven team player for its school-based transportation demand management program to: research, plan, coordinate, and implement the “Stepping It Up” project and work with local partners to deliver an “Active and Safe Routes to School” program at local elementary schools. You will also help to deliver the award-winning “Smart Commute” program for school staff.

Location: 20 Bay Street, Toronto

Qualifications:

As the successful candidate, you are well versed in sustainable transportation, air quality issues, school-based transportation, transportation demand management and emerging trends to provide advice and support relating to online program and service issues. You have excellent knowledge of demand management practices for children and adults locally, nationally and internationally. You can also demonstrate well-developed analytical and research skills, stakeholder engagement and negotiation, and understanding of urban/transportation planning principles to support the analysis of program impacts and benefits. You are proficient in MS Office software applications. Excellent communications skills, strong planning, organizational and interpersonal skills are required. You are able to work outside normal office hours. Occasional travel within GTHA.
