- Item related to the establishment of a procurement policy for GTTA
- A report back on an amendment to By-Law No. 1 which deals with signing authority and approval of the Chair’s expenses.

CHAIR’S REMARKS:

The selection committee of the Advisory Committee met twice and reviewed more than 50 names from people who expressed an interest or suggested names of people they believe can make a contribution.

15 potential members were selected based on the following criteria;

1. Even representation from the three pillars;
   - Economy
   - Environment
   - Quality of Life

2. Even representation from across the GTHA Region

3. Community Leaders

4. Opinion Leaders with personal credibility

5. Not currently employed by any level of government

6. Legislation suggests representation from students, seniors, disability communities, labour and industry.

Chair MacIsaac will be contacting those people selected over the next week to explain the role and responsibilities of the Advisory Committee and asking them to participate.

The Chair noted Joe Perrotta will be providing an update on the Regional Transportation Plan. He also noted that due to the compressed timelines for development of the RTP, monthly Board meetings will not provide the Board with sufficient time to develop the plan. He indicated that a report will be brought to the Board in November to address this issue by possibly creating a Planning Committee, which would include any Board members who could participate. Alternatively, the number of board meetings could be increased until the RTP is complete.

BR-07-0012: REPORT OF THE CEO:

Michael Fenn provided a brief overview of the CEO’s Report previously distributed electronically to the Board.
