

Bloor Street Bridge Columns Bracing

November 16 and 17, 2020

What work is taking place?

The west half of the bridge that spans over Bloor Street West at the GO rail tracks between Lansdowne and Symington avenues will be demolished later this year. Prior to demolition, crews must install bracings on the east columns to add additional support for the remaining half of the bridge structure. Barrie GO trains will continue to run on the diversion track on the east half of the bridge.

When

This work is scheduled to take place on Monday, November 16 and Tuesday, November 17.

Where

The work will take place at the bridge that spans Bloor Street West at the GO rail tracks, between Lansdowne and Symington avenues. The work will be carried out directly under the bridge in the middle of the roadway.

Hours

This work will be carried out between 7 a.m. and 5 p.m.

**Please note dates and times are tentative, and work could be rescheduled. For updated dates and times, please visit our website at www.metrolinx.com/davenport.*

What to expect

Nearby residents can expect noise and activity, as well as the following traffic change on Bloor Street West between St. Helens Avenue (west of Lansdowne) and Ruttan Street (east of Symington):

- **November 16 and 17 from 8 a.m. to 5 p.m. -- Partial/Median road closure of Bloor Street West.** Motorist, cyclist, and pedestrian access will be maintained the entire time. Traffic will be pushed towards the outer edges of the roadway in each direction. Motorists and cyclists will share the lane. Pedestrian sidewalks will be unaffected. Appropriate traffic signage will be in place, advising road users of the upcoming construction zone and shared lane.
