

# Surfacing & Hydrovacing

September 29 to October 2, 2020

Map: site access point indicated by green arrow

## What work is taking place?

While trains have been running on the diversion track since September 8, some final surfacing work must be carried out to further boost track stability, safety and efficiency. Hydrovacing must be carried out at the north and south ends of our project limits to install sign posts. And lastly, a crane will be set up near the Wade Avenue access point and used to remove the surfacing equipment from the rail corridor.

## When

The work is scheduled to take place from Tuesday, September 29 to Friday, October 2.

Surfacing will take place Tuesday through Thursday night.

Hydrovacing, crane setup and removal of surfacing equipment will take place Thursday night.

\*Please note these dates are tentative, and work could be rescheduled.

## Where

Surfacing will take place between Dupont Street and the CP Diamond.

Hydrovacing will take place just north of Davenport Road and just south of Bloor Street.

A crane will be set up near the Wade Avenue access point and used to remove the surfacing equipment from the rail corridor.

## Hours

This work will take place during overnight shifts on Tuesday, September 29, Wednesday, September 30 and Thursday, October 1. The work will be completed by Friday, October 2.

\*Please note these times are tentative, and work could be rescheduled.

## What to expect

Residents can expect loud noise and vibration from the surfacing work, loud noise from the hydrovacing work (lasting no more than 30 minutes at each location), and noise and activity from the crane setup and equipment removal at the Wade Avenue access point.
