

# FINCH WEST LRT – Transforming Transit in Your Area

Construction Notice

Updated Information as of October 2, 2019

## What is the Finch West Light Rail Transit?

The Finch West LRT is a light rail transit project that will bring 11 kilometres of modern, reliable rapid transit to northwest Toronto. It will have 18 stops, including 16 surface stops, plus an underground interchange station at Finch West subway. A below-grade terminal stop at Humber College will connect to other local transit services like GO, Miway, Viva, and Züm. The Finch West LRT will provide rapid transit for the Jamestown, Rexdale and Black Creek neighbourhoods, as well as vital connections between communities and supporting growth in northwest Toronto.

## Installation of temporary traffic signals along Finch Ave. West between Tobermory Dr. and Keele St. Starting as early as October 2019

### What:

A crew will install temporary traffic signals on Finch Ave W between Tobermory Dr. and Keele St. to make space for the construction of future stops and guideway on the Finch West LRT. Once the new temporary traffic signals are installed, the existing signals will be removed.

A crew will install temporary traffic signals at:

- The pedestrian crossing at 1685 Finch Ave W (east of Tobermory Dr.),
- Sentinel Rd. and Finch Ave. W intersection,
- Romfield Ln. and Finch Ave. W intersection, and
- Keele St. and Finch Ave W intersection.
