

# FINCH WEST LRT – Transforming Transit in Your Area

Construction Notice

Information as of October 21, 2019

## What is the Finch West Light Rail Transit?

The Finch West LRT is a light rail transit project that will bring 11 kilometres of modern, reliable rapid transit to northwest Toronto. It will have 18 stops, including 16 surface stops, plus an underground interchange station at Finch West subway. A below-grade terminal stop at Humber College will connect to other local transit services like GO, Miway, Viva, and Züm. The Finch West LRT will provide rapid transit for the Jamestown, Rexdale and Black Creek neighbourhoods, as well as vital connections between communities and supporting growth in northwest Toronto.

## Upcoming Preparatory Activities at Finch Ave W. and Hwy 27 Area November 2019

**What:** Starting as early as November 2019 and continuing until the end of the year, crews will be completing several activities to prepare for the construction of the surface section of the Finch West LRT at Finch Ave W. and Hwy 27 (fig.1) as well as at Hwy 27 and Humber College Blvd. (fig.2). In order of occurrence, these preparatory works will begin shortly:

- Installation of temporary traffic signals
- Removal of concrete medians
- Then, installation of a new watermain followed by road widening works.

### Hours of Work:

- Work is expected to start in November 2019 and continue until the end of the year.
- Monday to Friday, day and night, as required.
- Work may be delayed due to weather conditions or unforeseen circumstances.

### What to Expect:

- A crew installing new temporary traffic signals and removing the current ones.
- A crew removing concrete medians and bus shelters, as needed.
- Heavy trucks and equipment will be active in the area.
- Please take care when travelling or walking near work sites.

### Traffic and Pedestrian Impacts:

- Lanes will be reduced at the intersections.
- Minimum one lane of traffic in each direction along Finch Ave. W., Hwy. 27 and Humber College Blvd.
- Construction will be organized in a manner that will not obstruct adjacent bus stops.
- Pedestrian traffic will be maintained.
- Access to adjacent businesses and residences will be maintained.
