

FINCH WEST LRT – Transforming Transit in Your Area

Construction Notice

Information as of November 28, 2019

What is the Finch West Light Rail Transit?

The Finch West LRT is a light rail transit project that will bring 11 kilometres of modern, reliable rapid transit to northwest Toronto. It will have 18 stops, including 16 surface stops, plus an underground interchange station at Finch West subway. A below-grade terminal stop at Humber College will connect to other local transit services like GO, Miway, Viva, and Züm. The Finch West LRT will provide rapid transit for the Jamestown, Rexdale and Black Creek neighbourhoods, as well as vital connections between communities and supporting growth in northwest Toronto.

Environmental Protection Activities May Cause Traffic Disruptions at Finch Ave W and Keele St December 2019

What:

As part of the Finch West LRT, a crew will dismantle or cap (decommission) monitoring wells on and around the Finch Ave W and Keele St. intersection. Decommissioning the wells is an important step in protecting the environment -- it prevents contaminated water from getting into the wells and helps protect water quality during construction work. Minor traffic and pedestrian disruptions and lane restrictions may occur in the area when decommissioning is taking place. .

Hours of Work:

- Work is expected to take place in December 2019.
- Work will occur Monday to Friday between 7 a.m. and 4 p.m.; however, lane closures will only take place at off-peak hours (between 9:30 a.m. and 3:30 p.m.).
- Work may be delayed due to weather conditions or unforeseen circumstances.

What to Expect:

- A crew will remove all pumping equipment and fill the monitoring wells on and around the Finch Ave. W. and Keele St. intersection.
- Traffic disruptions and short-term lane restrictions in the area.
- Short-term pedestrian disruptions in the area.
- Heavy trucks and equipment will be active in the area.
- Please take care when travelling or walking near work sites.

Traffic Impacts:

- Short-term lane restrictions at off-peak hours.
- Pedestrian traffic might be affected for short periods of time.
- Access to adjacent businesses and residences will be maintained.
