

Traffic Changes for Drilling Activity

August-November, 2020

What:

Since April 2020, crews have been drilling and installing concrete piles to support excavation of the underground Finch West station on properties near the Finch Ave W. and Keele St. intersection. In the next phase, crews will continue drilling and work will be on the roadway on the southeast and southwest sides of Finch Ave. W.

Crews will shift traffic to the north side of Finch Ave. W. and install traffic barriers on the roadway during the week of August 4, 2020.

Metrolinx's contractor continues monitoring noise and vibration levels to make sure they are always within permitted ranges.

WHEN AND WHERE:

- Set up of the compound on the southeast and southwest sides of Finch Ave. W. will start on August 4, 2020, approximately.
- Drilling will start following the set up and last until November 2020, approximately.

WORK HOURS:

- Drilling activity will take place from 7 am to 11 pm, Monday to Saturday.

WHAT TO EXPECT:

- Heavy trucks and equipment in the area.
- Noise and vibration from construction activity and equipment.
- Dust from drilling activity, which will be managed with water trucks during working hours.
- Flaggers on site when necessary to ease traffic access and ensure public safety.
- Please obey all posted construction signs and do not enter the work zone.
- Please take extra care when walking near work sites, and always make eye contact with the driver before crossing in front of any equipment or vehicle.
- Operational factors and weather may affect the schedule.
