

# TRANSFORMING TRANSIT IN YOUR AREA

## FINCH WEST LIGHT RAIL TRANSIT (LRT)

Information as of February 2019

### Short-term Lane Closures on Finch Avenue West Near Highway 400 Bridge Expected Timeline: Late February/Early March 2019

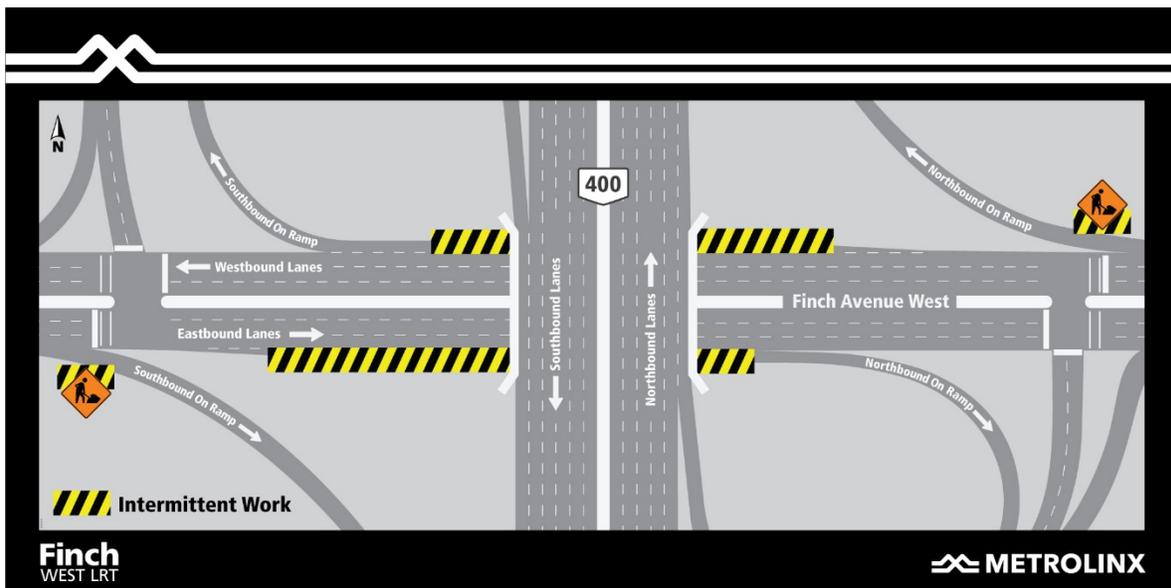

The Finch West Light Rail Transit (LRT) is an 11km LRT running along Finch Avenue West between Keele Street and Humber College. The Finch West LRT will increase capacity and reliability of service along the route, while significantly reducing travel times for transit users on the corridor.

**What:** Construction crews will be drilling boreholes to determine ground conditions along Finch Avenue near the Highway 400 Bridge.

**When:** Work is expected to start as early as February 19, 2019 and continue for about two weeks, weather permitting.

**Why:** Before starting rehabilitation activities on the Highway 400 Bridge –included with the Finch West LRT project, Metrolinx’s constructor, Mosaic is confirming the condition of ground conditions.

**Where:** The crew will begin to drill boreholes around the Highway 400 and Finch Avenue West interchange. Next, the crew will move to the Finch Avenue eastbound lanes to drill boreholes near to the north- and southbound on-ramps, requiring lane closures of the south shoulder and right lane. Finally, crews will move to the westbound lanes on Finch Avenue West to drill boreholes near the north- and southbound on-ramps, requiring lanes closures of the north shoulder and right lane. Expect intermittent lane closures.

**Pedestrian and Traffic Details:** A traffic lane or shoulder on Finch Avenue West may be closed during off-peak hours. Only short duration closures will be required to load and unload equipment for this work.

Pedestrian and driveway access will be maintained. Nearby residents and businesses can expect to see heavy trucks and equipment in the area as the crew move from one test hole to the next. There may be some noise related to the use of a saw cutter, hydro-vacuum truck, drill, and other construction equipment. Please take care when travelling near work sites.

**Work Hours:** Work will take place between 9:00 a.m. and 4:00 p.m., Monday to Saturday.

**Contact:** For more information about utility and soil condition investigations on the Finch West LRT project, please contact the Metrolinx Finch West LRT Community Relations Team at 416-202-6500 or email [finchwest@metrolinx.com](mailto:finchwest@metrolinx.com).
