

TRANSFORMING TRANSIT IN YOUR AREA

Lakeshore East Rail Corridor Expansion Program
Overnight Utility Work – Liverpool Road to Galloway Road

Metrolinx, an agency of the Province of Ontario, is working to transform the way the region moves by building a seamless, convenient and integrated transit network across the Greater Toronto and Hamilton Area (GTHA). Over the next ten years, Metrolinx is transforming the existing GO rail system to deliver a whole new rapid transit experience to your community. With more frequent train service you'll have more options to get you where you need to go.

New Track

150 kilometres of new dedicated GO track will allow for more uninterrupted service.

New Trains

New electric trains will travel faster for longer and reduce travel times.

New Bridges and Tunnels

Bridges and tunnels that eliminate intersections with rail and road traffic will provide more reliable GO train service.

New Renovations

New and improved stations will make your journey more comfortable, from start to finish.
