

Investigative drilling work on the Don Roadway near Sunlight Park Road

Beginning September 2, 2020

What is happening?

To advance design concepts and other structural plans for the Ontario Line, Metrolinx will be using small drill rigs to gather information and evaluate underground conditions. Using this information, Metrolinx can begin to determine the construction approach for this project.

WHAT TO EXPECT

- Every effort will be made to minimize disruptions.
- Work equipment may be left on-site until work is completed.
- Residents and businesses near the work site can expect to hear noise caused by a drill rig, trucks and other construction equipment related to this work.

TIMING

- Work is scheduled to start September 2, 2020 and last up to three weeks at each marked location.
- Work will occur between **8 a.m. and 6 p.m., Monday to Friday**. Specific work times may depend on permits from the City of Toronto.
- Work could be rescheduled and delayed due to weather conditions or any unforeseen circumstances.

What is the Ontario Line Transit Project?

The Ontario Line will connect communities with 15.5 kilometres of transit service, making it faster and easier for hundreds of thousands of people to get where they need to be each day. It will also help alleviate congestion on transit and roads by providing 17 new connections to GO trains and TTC service.
