Enbridge Gas Distribution Line Relocation for Longside Drive / Admiral Boulevard
(Beginning as early as mid-May 2018)

What is the Hurontario Light Rail Transit Project?
The Hurontario LRT will be a 20-kilometre, 22-stop light rail service connecting people from the Port Credit GO station to the Brampton Gateway Terminal. The Hurontario LRT will connect with the Port Credit and Cooksville GO stations, Mississauga Transitway, MiWay and Züm transit lines.

What work is taking place?
To accommodate the construction of the Hurontario LRT, Enbridge Gas Distribution (Enbridge) is required to move a gas line at the intersection of Hurontario Street, Longside Drive and Admiral Boulevard.

These pipelines are integral to Enbridge’s gas system and must be re-routed to ensure the safe and reliable delivery of natural gas.

Timing
- Work may start as early as mid-May and will last for approximately 2 weeks.
- Construction will occur between 7 a.m. and 5 p.m., Monday to Friday.
- Work could be rescheduled and delayed due to weather conditions or any unforeseen circumstances.

What to Expect
- Every effort will be made to minimize disruptions.
- Residents and businesses near the work site can expect to hear noise caused by trucks, excavators, backhoes, and other construction equipment related to this work.

Traffic Details
- During construction hours, lane reductions will be required on Hurontario St. at the intersection of Hurontario St. and Longside Dr./Admiral Blvd. At a minimum, one north and southbound lane will be maintained at all times.
- Traffic delays are expected.
- There will be no impact to property access.
Pedestrian Details
- Please take care when travelling near construction areas. Watch for additional signs directing pedestrians as detours may be required.
- Sidewalk access in the area could be affected. Please watch for signage directing pedestrian traffic.
