

Notice of Completion

Davenport Diamond Grade Separation - Environmental Project Report

The Project

Metrolinx, an agency of the Province of Ontario, has completed an Environmental Project Report (EPR) in accordance with Ontario Regulation 231/08 for the Davenport Diamond Grade Separation project. Metrolinx intends to proceed with the project in accordance with the EPR. Metrolinx, is working to transform the way the region moves by building a seamless, convenient and integrated transit network across the Greater Toronto and Hamilton Area. As announced in 2014, the Government of Ontario is committed to bringing more GO service to the GO rail network over the next ten years. The service increase will be phased in while Metrolinx builds additional infrastructure. To support this service increase, Metrolinx is planning to build an elevated rail corridor that follows the current GO Transit route between Bloor Street West and Davenport Road. The Davenport Diamond Grade Separation project is intended to eliminate the 'Davenport Diamond', one of the busiest train intersections in North America, where CP Rail freight trains and GO Transit passenger trains cross at a ground-level rail crossing.

The Process

The environmental effects of this transit project were assessed and an EPR prepared according to the Transit Project Assessment Process as prescribed in Ontario Regulation 231/08, Transit Projects and Metrolinx Undertakings. The EPR for the Davenport Diamond Grade Separation is now available for a 30-day review period starting **May 27, 2016** on the project website (www.metrolinx.com/RERDavenport) and at the following locations:

Ministry of Environment and Climate Change

Environmental Approvals Branch

Interested persons are encouraged to review this document and provide comments by **June 27, 2016**, to:

Davenport Diamond Grade Separation Project

Georgina Collymore
Senior Advisor – Environmental Assessment Communications and Community Relations
20 Bay Street, Suite 600, Toronto, ON M5J 2W3
tel: 416-202-4921 / e-mail: RERDavenport@metrolinx.com

There are circumstances where the Minister of the Environment and Climate Change has the authority to require further consideration of the transit project or impose conditions on it. These include if the Minister is of the opinion that:

- The transit project may have a negative impact on a matter of provincial importance that relates to the natural environment or has cultural heritage value or interest, or
- The transit project may have a negative impact on a constitutionally protected Aboriginal or treaty right.

Before exercising the authority referred to above, the Minister is required to consider any written objections to the transit project that he may receive within 30 days after the Notice of Completion of the Environmental Project Report is first published.

30-day Public Consultation Period ends June 27

If you have discussed your issues with Metrolinx and you object to this transit project you can provide a written submission to the Minister of the Environment and Climate Change no later than **June 27, 2016** to the address provided below. All submissions must clearly indicate that an objection is being submitted and describe any negative impacts to matters of provincial importance (natural/cultural environment) or Aboriginal rights. Objections must be received within 30 days after the Notice of Completion of the EPR is first published.

Ministry of the Environment and Climate Change

Environmental Approvals Branch
Attention: Adam Sanzo, Project Officer
135 St. Clair Ave. W., 1st Floor, Toronto, ON M4V 1P4
tel: 416-314-8001 / toll-free: 1-800-461-6290 / fax: 416-314-8452
e-mail: EAABGen@ontario.ca

If not already provided, a copy of the objection will be forwarded to the proponent by the Ministry.

All personal information included in a submission such as name, address, telephone number and property location is collected, maintained and disclosed by the Ministry of the Environment and Climate Change for the purpose of transparency and consultation. The information is collected under the authority of the *Environmental Assessment Act* or is collected and maintained for the purpose of creating a record that is available to the general public as described in s. 37 of the *Freedom of Information and Protection of Privacy Act*. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the Project Officer or the Ministry of the Environment and Climate Change Freedom of Information and Privacy Coordinator at 416-314-4075.
