This email is being sent to you to share my significant concerns about the impact of the proposed train yard in Thorncliffe Park. The community is comprised of mostly renters and a very high proportion of these are immigrants. The community has approximately 30,000 people living in dense high rises. Many units have more than one family living together. **The location of the train yard as an industrial site is NOT ACCEPTABLE!!!**

At the present time, the area of the proposed rail yard has several businesses that provide employment for some of the residents. Note only will the businesses be gone but the employment will also disappear for many residents.

The location of this train yard and its impact on the local residents is unacceptable. There are other areas in the city that do not have the significant social impacts if located there that need to be reviewed prior to any further development or approvals for the train yard being located in Thorncliffe Park.

Please help to have this decision reversed!

Thank you

Barbara Kinnear
