

Bloor Street West: Caisson Drilling North & South Sides of Bridge and Lane/Sidewalk Closures

September 13 to October 8, 2021

What work is taking place?

We need to finish drilling foundation caissons on the north and south sides of the Bloor Street West bridge. The north side will happen first, followed by the south side.

This work involves partial lane and sidewalk closures (see below for more details). Vehicle, cyclist, and pedestrian access will be maintained at all times.

When

September 13 to October 8, 2021.

North side: approximately September 13 to 27.

South side: approximately September 28 to October 8.

Where

Caisson drilling on the north and south sides of the Bloor Street West bridge.

Lane closures between St. Helens Avenue and Ruttan Street.

Hours

Monday to Friday, between 7 a.m. and 6 p.m. Some weekend daytime work may also be required.

**Please note that dates and times are approximate, and work could be rescheduled. For regular construction updates, please sign up for our Toronto West weekly newsletter by visiting our website at www.metrolinx.com/davenport or follow us on Twitter @GOExpansion.*

What to expect

Local residents and the surrounding community can expect a few things:

- During north side caisson drilling - The north lanes will be periodically closed between St. Helens Avenue and Ruttan Street only on concrete pour days. Traffic will be maintained in both directions on the south side of the road. Drivers and cyclist will share the lane. The north sidewalk will always remain open.
- During south side caisson drilling - The south lanes will be continuously closed between St. Helens Avenue and Ruttan Street. Traffic will be maintained in both directions on the north side of the road. Drivers and cyclists will share the lane. The south sidewalk will also remain closed as the drill rig will be set up on the road. Access for pedestrians will be maintained on the north sidewalk.
- Construction activity and noise from drilling operations.
