

# **PARKING RESTRICTIONS on Paton Road and Wallace Avenue for Equipment and Material Deliveries**

November 2-8, 2021

## What work is taking place

Crews will be delivering a 600-ton crane and steel girders for the new CP bridge being built that will allow GO trains to travel above the CP Rail tracks. Given the size of the crane and girders, large trucks (that require extra room to turn and maneuver) are being used to transport these. Therefore, various parking restrictions will be put in place on the south sides of Wallace Avenue and Paton Road to allow for the safe and secure delivery of this equipment and material.

## When & where

Between November 1 and 8, there will be daytime and overnight parking restrictions (i.e., no parking) on the south sides of Paton Road and Wallace Avenue to allow for the transport of a 600-ton crane and steel girders.

## PARKING RESTRICTIONS

### No parking as per the following:

- Tuesday, November 2 (1 p.m.) to Wednesday, November 3 (5 p.m.): south side of Paton Road (between Lansdowne Ave and Wade Ave)
