

Wallace Avenue: Toronto Hydro Overhead Line Relocation for the Davenport Diamond Guideway

Monday, January 31 to Friday, February 11th

What work is taking place?

To make way for the Davenport Diamond Guideway, we must remove Toronto Hydro overhead cables on the south side of Wallace Avenue at the GO railway corridor. The work involves removing a Toronto Hydro overhead cable and transferring power to another cable. It will take crews 2 weeks to complete, and road occupancy will be required for construction equipment and to accommodate the work. There will be power outages on Tuesday, February 1st and Wednesday, February 2nd at Halo Brewery. The outages will last approximately 20 minutes when the overhead service is transferred. Outage will take place between 7am and 7pm.

When

From January 31 to February 11 (approximately 2 weeks).

Where

On the south side of Wallace Avenue at the GO railway corridor.

Hours

Monday to Friday, approximately 7 a.m. to 7 p.m.

**Please note that dates and times are approximate, and work could be rescheduled. For regular construction updates, please sign up for our Toronto West weekly newsletter by visiting our website at www.metrolinx.com/davenport or follow us on Twitter @GOExpansion.*

What to expect

The immediate area and nearby residents and businesses can expect the following impacts on Wallace Avenue, between Ward Street and Rankin Crescent:

- Construction activity
- Partial road closures - access will be maintained with one lane of traffic alternating directions
- Closure of the south sidewalk on Wallace Avenue. Pedestrian traffic will be re-directed to the north sidewalk between Ward St and Rankin Cres.
- Driveway impacts - access to businesses and residences will be maintained at all times. A crew member will direct people thru as needed.
- Power outages - Only Halo Brewery will experience a 20min power outage on Tuesday, February 1st and Wednesday, February 2nd. Crew will knock and inform the business before power is disconnected.
