

Bloor Street West: Partial Road and Sidewalk Closure (South Side) for Bridge and Sidewalk Work

Mid-July to August 2021

What work is taking place?

To support the construction of the new Bloor Street bridge, the existing concrete structure on the south side of the bridge (known as an abutment), on which the bridge deck rests, needs to be demolished. The adjacent south sidewalk will also be demolished, from the centre line of the bridge to the end of the handrail towards the west. Bloor Street West will be partially closed on the south side for the duration of this work.

When

Mid-July to August.

Where

The partial road and sidewalk closure will be on the south side of Bloor Street West, between approximately St. Helens Avenue and Ruttan Street. The work zone will be from the centre line of the existing GO rail bridge to the end of the existing handrail towards the west.

Hours

Most of the work will take place Monday through Friday from 7 a.m. to 5 p.m. Some weekend work will be required. Occasional overnight work may be required, and Metrolinx will notify the nearby residents.

**Please note that dates and times are approximate, and work could be rescheduled. For regular construction updates, please sign up for our Toronto West weekly newsletter by visiting our website at www.metrolinx.com/davenport or follow us on Twitter @GOExpansion.*

What to expect

Local residents and the surrounding community can expect a few things:

- Partial road and sidewalk closure on south side of Bloor Street West between approximately St. Helens Avenue and Ruttan Street.
- Access will be maintained on north side of Bloor Street West with one traffic lane in each direction and north sidewalk open. Motorists and cyclists will share the road.
- Potential traffic delays and congestion, especially at peak hours.
- Heavy construction activity and noise.
