

# Bloor Street West: Temporary South Sidewalk Removal and Closure & North and South Bridge Abutment Construction

November 2021 to May 2022

## What work is taking place?

We are removing the temporary sidewalk on the south side of Bloor Street West. During the removal, the south sidewalk will be closed, while the north sidewalk will be open for pedestrians. Traffic will be shifted north and remain open in both directions. Drivers and cyclists will share the road.

Once the removal of the temporary south sidewalk is complete, we will start to build up the north and south bridge abutments (concrete bridge ends) that we previously demolished, beginning with the pile caps which form the base for the abutments. During the construction of the abutments, the south sidewalk will remain closed, while the north sidewalk will be open for pedestrians. By late December, the traffic and bicycle lanes will be restored, and drivers and cyclists will no longer be asked to share the road.

*\*The above work and impacts are happening between St. Helens Avenue and Ruttan Street.*

## When

North sidewalk temporary fencing and cleanup: November 24-30, 2021.

North sidewalk open for use: December 1, 2021.

Temporary south sidewalk removal: December 1 to 14, 2021.

South sidewalk closure and bridge abutment construction: December 1, 2021 to May 1, 2022.

Traffic and bicycle lanes restored: December 25, 2021.

## Where

All work is taking place on Bloor Street West, between St. Helens Avenue and Ruttan Street.

## Hours

Monday to Friday, from 7 a.m. to 6 p.m. Some weekend and/or night work may also be required.

***\*Please note that all dates and times mentioned above are approximate, and work could be rescheduled. For regular construction updates, please sign up for our Toronto West weekly newsletter by visiting our website at [www.metrolinx.com/davenport](http://www.metrolinx.com/davenport) or follow us on Twitter @GOExpansion.***

## What to expect

Local residents and the surrounding community can expect ongoing construction activity at both ends of the bridge, noise, and lights during darker winter months, as well as the short-term traffic impacts mentioned above. **The south sidewalk will be closed from approximately December 2021 to May 2022.**
