

Late Night Work - Signal Cable and Pole Relocation at Wallace Avenue Rail Crossing

July 6, 2021

What work is taking place?

To facilitate construction of the Wallace Avenue bridge, we need to move the existing signal cable and pole located at the southwest corner of the Wallace Avenue rail crossing, a few metres west. While the relocation will take place overnight on Tuesday, July 6, crews will be hydrovacating and doing prep work on Monday, July 5.

When

Overnight on Tuesday, July 6, 2021.

Prep work will take place on Monday, July 5 during the day.

Where

At the southwest corner of the Wallace Avenue rail crossing.

Hours

7 p.m. to 3 a.m.

**Please note that dates and times are approximate, and work could be rescheduled. For regular construction updates, please sign up for our Toronto West weekly newsletter by visiting our website at www.metrolinx.com/davenport or follow us on Twitter @GOExpansion.*

Why late night work?

This work needs to happen when there is no train service as we will be temporarily interrupting the signal.

What to expect

Nearby residents can expect activity, noise (in particular from the hydrovac), and lights.
