

# Subsurface Utilities Engineering work at Jane Street and Eglinton Avenue West

March 21 - March 31, 2022

The Eglinton Crosstown West Extension is one of four new subway projects that will transform transit in our region; getting hundreds of thousands of people where they need to be, better, faster and easier than today.

## What work is happening here?

In support of the Eglinton Crosstown West Extension (ECWE) project studies and existing conditions documentation, Metrolinx is undertaking Subsurface Utility Engineering (SUE) work. This work involves investigating, documenting, and mapping existing underground utility networks such as pipelines and cable lines and retrieving information on existing conditions to determine when and how to relocate subsurface utilities. This work reduces the likelihood of existing utilities being damaged by new construction projects. For the ECWE project, this work will take place in the weeks of March 21 and 28, 2022 at the following locations: Fergy Brown Park entrance, Glenvalley Drive parking lot, and Jane Street at Eglinton Ave West.

## HOURS OF WORK

- Staff will be onsite in the weeks of March 21 and 28, 2022 from Monday - Friday 8am to 5pm.
- Work may be rescheduled or extended due to weather conditions or unforeseen circumstances.

## WHAT TO EXPECT

- Noise can be expected during daytime hours in the weeks of March 21 and 28 due to excavation.
- Two parking spots on Glenvalley Drive will be occupied by work vehicles to access site investigation.
- There will be no major property or pedestrian impacts associated with this work.
- No tree or vegetation removals are required for the work.

## TRAFFIC AND PEDESTRIAN IMPACTS

- One lane will be maintained for Fergy Brown Park entrance during site investigation. Pedestrians will have no issues accessing the park.
- Right lane occupancy on northbound Jane Street from 9am-4pm.
