

Update: Guideway Work at Jane St. and Finch Ave. W.

April 2021

What?

As part of the Finch West Light Rail Transit (LRT) Project, work continues across the project corridor. Since mid-March 2021, alternating lane restrictions have been in place at Jane Street and Finch Avenue West for the installation of the guideway. Starting in early-April 2021, traffic configuration will change at the Jane Street and Finch Avenue West intersection to allow for the guideway work to continue at the intersection.

Portable message signs will be posted along Finch Avenue West in advance to keep drivers and pedestrians informed of changes to expect.

Guideway work, which includes installation of pole foundations, trackwork and overhead cabling, will take place between Norfinch Drive/Oakdale Road and Sentinel Road for approximately four months as crews build sections of the LRT guideway (a test track) to allow for light rail vehicles to be tested later this year.

WORK HOURS:

- Guideway work is ongoing since mid-March 2021 and primarily occurs between 7 am to 11 pm. Some work will be accomplished **overnight**.
- Work that causes higher noise or vibration levels will be prioritized before 11 pm and monitored, if needed.
- Work could be rescheduled due to weather conditions or unforeseen circumstances.

WHAT TO EXPECT:

- Crews started the guideway work on the east side of Jane Street at Finch Avenue West in mid-March 2021.
- Guideway work is anticipated to start on the west side of Jane Street the first week of April 2021 (see map above for traffic configuration).
- At least one lane will remain open in each direction on Finch Avenue West and Jane Street.
- Once guideway work is completed at the Jane Street and Finch Avenue West intersection, crews will move to York Gate Boulevard and Driftwood Avenue:
 - York Gate Boulevard will be closed at Finch Avenue West starting in mid-April for two (2) months, approximately.
 - There will be traffic restrictions at Driftwood Avenue and Finch Avenue West, starting in mid-April 2021, for three (3) weeks, approximately.
- After, crews will install the guideway at Tobermory Drive and partially restrict traffic movements at Finch Avenue West in May 2021.
- Dates are approximated and may change.
- Please visit us at www.metrolinx.com/finchwestlrt for up-to-date information.
- Please take extra care when navigating near work sites, and always make eye contact with the driver before crossing in front of any equipment or vehicle.
- Construction dust, noise and vibration will be noticeable at times.
- Thank you for your patience and we apologize for any inconvenience.

TRAFFIC IMPACTS:

- At least one lane in each direction will remain open on Jane Street and Finch Avenue West.
- The north-south crosswalk located on the west side of Jane Street will be closed during this part of the work (see map).
- The Finch Avenue West driveways that provide access to 4000 Jane Street (northwest corner of Finch Avenue West and Jane Street) are impacted by this work. The driveway closer to the intersection of Jane Street and Finch Avenue West is closed. The second driveway from Jane Street, will remain open for exiting vehicles only. The driveway located at Jane Street, north of Finch Avenue West, will remain opened at all times.
- Pedestrian access will be maintained. Pedestrian might be re-routed for safety reasons, as needed.
- Please take extra care when navigating near work zones, and always make eye contact with the driver.
- Access to adjacent businesses and residences will be maintained, unless otherwise communicated.
- Heavy trucks and equipment will be active in these areas.
- TTC bus stops will be closed or relocated away from work zones, as needed, to ensure construction can continue safely while minimizing impact on the community and customers.
- Relocation of bus stops is done in consultation with TTC.
- Access to TTC will be maintained at all times.
- Please visit www.ttc.ca for more information.

Virtual Hours of Operation:
Monday- Friday, 9:00 a.m. to 5:00 p.m.
In person- by appointment.
Tel: 416-202-6500
