

# Traffic Changes at Tobermory Drive and Finch Avenue West

Anticipated Timing: Early August 2021

## What?

Work continues across Finch Avenue West. Guideway work will begin at Tobermory Drive and Finch Avenue West in early August 2021.

This work includes installation of pole foundations, manholes, duct banks, trackwork and overhead cabling.

During the guideway work, access to Tobermory Drive from Finch Avenue West will be limited to right-in and right-out traffic movements only. This temporary traffic change is anticipated to start in early-August 2021 and continue for five (5) weeks, approximately.

A portion of the guideway must be installed to test the first set of light rail vehicles that will arrive in summer. The first portion of the track will be installed down the center of Finch Avenue West between Norfinch Drive/Oakdale Road and Sentinel Road as well as at the maintenance and storage facility (MSF), located on the west side of York Gate Boulevard.

Road signs will be posted in advance to keep drivers and pedestrians informed of traffic changes to expect.

Work will primarily occur between 7 am to 11 pm, however, some work will need to be accomplished overnight. Work that causes higher noise or vibration levels will be prioritized before 11 pm and monitored, if needed.
