

TRANSFORMING TRANSIT IN YOUR AREA

HURONTARIO LIGHT RAIL TRANSIT

Information as of July 2018

Bell Network Infrastructure Relocation

Phase 2 - Beginning early August 2018

What is the Hurontario Light Rail Transit project?

The Hurontario LRT will be a 20-kilometre, 22-stop light rail service connecting people from the Port Credit GO station to the Brampton Gateway Terminal. The Hurontario LRT will connect with the Port Credit and Cooksville GO stations, Mississauga Transitway, MiWay and Züm transit lines.

What work is taking place?

To accommodate the construction of the Hurontario LRT, Bell is required to move fibre and coaxial network lines.

During Phase 2, Bell contractors will be working within manholes along **Hurontario Street** between **Queen Elizabeth Way (QEW)** and **Lakeshore Road East**. Very few lane closures will be required.

Timing

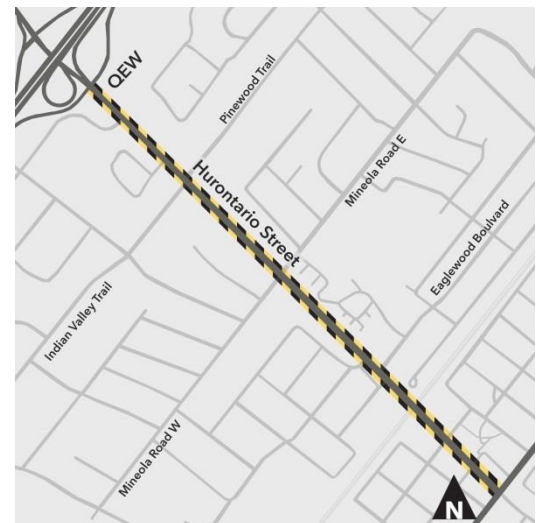

- Work will start in early August 2018 and last until January 2020.
- Work will occur between 8:00 A.M. and 5:00 P.M., Monday to Friday.
- Work could be rescheduled due to weather conditions or any unforeseen circumstances.

What to Expect

- Every effort will be made to minimize disruption.
- Residents and businesses near the work site can expect to hear noise caused by trucks, generators and other construction equipment related to this work.

Traffic Details

- During construction hours, fewer short-term lane reductions will be required along Hurontario Street. At a minimum, one northbound and southbound lane will be maintained at all times.
- Traffic delays are expected. Please plan accordingly.
- Property access will be maintained.

Note: at no time will all lanes be closed.

Transit Details

- Due to intermittent lane reductions along Hurontario Street between Queen Elizabeth Way (QEW) and Lakeshore Road East, delays can be expected on Routes 8, 19 and 103.

Pedestrian Details

- Please take care when travelling near construction areas. Watch for additional signs directing pedestrians as detours may be required.
- Sidewalk access in the area could be affected. Please watch for signage directing pedestrian traffic.

For more information about the Bell cable relocation, please contact the Hurontario LRT Community Relations staff by phone 416-202-7500 or email hurontariolrt@metrolinx.com.

Thank you for your patience as we work to build this new project.

Please support your local businesses during construction.
