HURONTARIO LIGHT RAIL TRANSIT

Information as of May 14th, 2018

Enbridge Gas Distribution Line Relocation for Kingsway Drive (Beginning June 2018)

What is the Hurontario Light Rail Transit Project?

The Hurontario LRT will be a 20-kilometre, 22-stop light rail service connecting people from the Port Credit GO station to the Brampton Gateway Terminal. The Hurontario LRT will connect with the Port Credit and Cooksville GO stations, Mississauga Transitway, MiWay and Züm transit lines.

What work is taking place?

To accommodate the construction of the Hurontario LRT, Enbridge Gas Distribution (Enbridge) is required to move a gas line at the intersection of **Hurontario Street** and **Kingsway Drive**.

These pipelines are integral to Enbridge's gas system and must be re-routed to ensure the safe and reliable delivery of natural gas.
