

Road Closure at Mineola Road West and Hurontario Street

Monday September 12 to Sunday September 18, 2022, 7 a.m. to 10 p.m.

What work is taking place?

Construction crews will be installing utilities along Hurontario Street that will also need to cross Mineola Road. This will result in a temporary closure of a portion Mineola Road West. Works are scheduled to take place **from 7 a.m. to 10 p.m. from September 12-18, 2022.**

These dry utility works follow the installation of wet utility works which took place in August. As part of the larger sequencing of the project, the two works could not be combined. The dry utility work will take place the second week of September to accommodate for the traffic changes during the busy first week back to school.

In accordance with City of Mississauga Noise By-Law Exemption requirements, this notice is meant to advise that residents near the work site can expect to hear noise and vibration caused by trucks, excavators, backhoes, and other construction equipment related to this work. Some of this work may need to be done overnight and, on the weekend, so crews will be able to complete this work safely and efficiently.

During this closure, motorists can access Mineola Road West from Hurontario Street using the detour map provided. Please note, work may be rescheduled due to weather or unforeseen circumstances. If you require the most up-to-date information, please reach out to peel@metrolinx.com.

TIMING

- Mineola Road West will be closed from:
 - **September 12 to September 18, 2022 from 7 a.m. to 10 p.m.**
- Work could be rescheduled and delayed due to weather conditions or unforeseen circumstances.

TRAFFIC DETAILS

- Access to Mineola Road West will be maintained through a detour from Hurontario Street, Indian Valley Trail, and Glenburnie Road.
- Watch for slow moving vehicles entering and exiting work areas.
- Remember to reduce your speed when approaching work zones.

WHAT TO EXPECT?

- Every effort will be made to minimize disruptions.
- Residents and businesses near the work site can expect to hear noise and vibration caused by trucks, excavators, loaders, triaxles, backhoes, and other construction equipment related to this work.

TRANSIT DETAILS

- MiWay near the intersection will continue to operate with regular service.
- Visit www.miway.ca/updates for updates.
- Watch for additional signs directing passengers at bus stop as boarding areas may be relocated.

PEDESTRIAN DETAILS

- Please take care when travelling near construction areas.
- Watch for additional signs directing pedestrians as detours may be required.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety
