

New Traffic Configuration and Temporary Road Closure of Eaglewood Boulevard at Hurontario Street

June 2021

What work is taking place?

As part of Hurontario Light Rail Transit Project, watermain, sewer and telecommunication infrastructure installation works will be starting on the east side of Hurontario Street at High Street, moving north to Queen Elizabeth Way (QEW). Crews will be working extended overnight hours for two days in early June to paint traffic lines, install construction signs, align traffic signal heads with the intersections and install temporary bus platforms. Upon completion, traffic configuration will be updated to one northbound traffic lane and one southbound traffic lane, with turning lanes where available until Fall 2022 when the roadway will return to two northbound and southbound lanes.

Starting in late June, vehicular traffic will be restricted at the entrance of Eaglewood Boulevard and Hurontario Street. The road will be closed for approximately one week to safely complete watermain installations and may be closed again at a future date to safely complete telecommunications infrastructure. Advanced notice of future closures will be provided to the impacted community once dates have been scheduled for any additional works. Road closure and detour signs will be posted to keep residents and businesses informed of this closure. Residential driveways will not be impacted during this work. Side entrances for the plaza and gas station that face Eaglewood Boulevard will be closed during this work, pedestrian access will be maintained.

TIMING

- Overnight work is scheduled for two nights in early June, with work hours from at 7 p.m. to 7 a.m.
- Eaglewood Boulevard closure will last for approximately one week in late June.
- Watermain work hours are from 6 a.m. and 10 p.m., Monday to Saturday. However, night works may be scheduled as required.
- Work could be rescheduled and delayed due to weather conditions or unforeseen circumstances.

TRAFFIC DETAILS

- Long term lane reductions will be required on Hurontario Street between High Street to the Queen Elizabeth Way.
- Traffic detour signs will be posted in the area during the road closure.
- Watch for slow moving vehicles entering and exiting work areas.
- Remember to reduce your speed when approaching construction.

WHAT TO EXPECT?

- Every effort will be made to minimize disruptions.
- Access to properties will always be maintained through at least one driveway or with the assistance of a Traffic Control Person.
- Those near the work site can expect to hear noise caused by trucks, excavators, backhoes, and other construction equipment related to this work.

TRANSIT DETAILS

- Due to lane reductions along Hurontario Street, delays can be expected on MiWay routes 2, 8 and 53.
- Watch for additional signs directing passengers at bus stops as boarding areas may be relocated.

PEDESTRIAN DETAILS

- Please take care when walking or cycling near construction areas and watch for additional signs directing the public such as detours and dismounting.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety.

NOISE BYLAW EXEMPTION

- In 2017, Mississauga City Council approved general exemptions to the Noise Control By-law and selected roadway closures, at the discretion of the Commissioner of Transportation and Works for the duration of Hurontario LRT construction.

PROPERTY DETAILS

- Please ensure any personal belongings, such as signs, benches and underground sprinklers on city-owned land have been relocated prior to the beginning of construction.
