

# Tree Protections, Trimming and Removal on Hurontario Street from Derrycrest Drive to Bartley Bull Parkway

Beginning May 2022

## What work is taking place?

To accommodate construction of the Hurontario LRT, utilities need to be installed or relocated.

This work will require the removal of trees within the municipal right-of-way, tree trimming and installation of hoarding to protect trees which are not to be removed or damaged near construction. Metrolinx and Mobilinx recognize that trees are very important and are working closely with the City of Brampton and the City of Mississauga to help identify planting and compensation requirements for tree removal on both city and private property. Trees will only be removed when necessary.

Work is also underway to install temporary bus platforms, implement lane reductions and set up construction fencing in preparation for utility relocation work. Please lookout for signage guiding pedestrians, cyclists and motorists.

---

### TIMING

- Work is scheduled to start in May 2022.
- Work hours are from 7 a.m. to 7 p.m.
- Nightshift/weekend work may be scheduled when required to limit traffic impact.
- Work could be rescheduled and delayed due to weather conditions or unforeseen circumstances.

### TRAFFIC DETAILS

- Lane reductions will be required on Hurontario Street between Derrycrest Drive and Bartley Bull Parkway.
- Traffic delays are expected.
- Watch for slow moving vehicles entering and exiting work areas.
- Remember to reduce your speed when approaching construction.

### WHAT TO EXPECT?

- Every effort will be made to minimize disruptions.
- Paige wire fencing with wooden railings will be installed for tree protection.
- Property owners will be contacted if trees on private property need to be protected, trimmed, or removed.
- Residents and businesses near the work site can expect to hear noise caused by trucks, excavators, backhoes, and other construction equipment related to this work.

### TRANSIT DETAILS

- Due to lane reductions along Hurontario, delays can be expected on MiWay and Brampton Transit routes.
- Watch for additional signs directing passengers at bus stops as boarding areas may be relocated.
- Visit [www.bramptontransit.com](http://www.bramptontransit.com) or [www.miway.ca/updates](http://www.miway.ca/updates) for updates on your bus route.

### PEDESTRIAN DETAILS

- Please take care when walking or cycling near construction areas and watch for additional signs directing the public such as detours and dismounting.
- Sidewalk access in the area could be affected.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety.

### PROPERTY DETAILS

- Access to properties will always be maintained through at least one driveway or with the assistance of a Traffic Control Person.
- Please ensure any personal belongings, such as signs, benches and underground sprinklers on city-owned land have been relocated prior to the beginning of construction.
- For details on your property boundaries, please refer to your land survey, or consult an Ontario Land Surveyor.
