

# Night Work: Utility Work in Woodrow Park

July 12 - September, 2021

## What is Happening?

In support of the GO Expansion Program - Early Works Project, fibre optic utility relocation works are currently ongoing within the Lakeshore East rail corridor, including in Woodrow Park. The civil construction portion of the work includes installing tree protection zones, drilling, trenching and cable pulling; the civil works are anticipated to be completed by mid-September 2021.

**A weekly update on this work will be provided in our Toronto East e-newsletter. To subscribe for updates, please visit [metrolinx.com/lakeshoreeastrailcorridor](https://metrolinx.com/lakeshoreeastrailcorridor) or e-mail us at [TorontoEast@metrolinx.com](mailto:TorontoEast@metrolinx.com).**

## What to Expect?

Residents can expect to see construction vehicles (hydro vacuum trucks, pick-up trucks, dump trucks), equipment (excavators, drill rig, reclaimer), reel trailers and conduit reels within the project limits. The park will be accessed through Aylesworth Ave. The construction crew are aware they are working in residential neighbourhoods and whenever possible, try to minimize construction impacts. However, noise, vibration, dust, and night lighting can be expected at night.
