

Lakeshore East Early Works: Retaining Walls

September 20, 2021 to October 2022

What Work Is Taking Place?

Metrolinx contractors will be back to work constructing two retaining walls along the south side of the rail corridor within the Metrolinx Right-of-Way, between Norwood Road and Victoria Park Avenue starting on September 20.

- Retaining Wall 8 is approximately 520 meters long, runs from east of Ted Reeve Drive to Dengate Road.
- Retaining Wall 9 is approximately 90 meters long, runs along Little York Road from Enderby Road to Main Street.

The work includes utility relocation, earth moving, pile installation, caisson installation, pre-cast concrete lagging installation, backfill, fencing installation, grounding and bonding.

What to Expect?

These retaining walls are made up of steel piles drilled into the earth and backfilled with concrete to ground elevation. Pre-cast concrete panels are placed between the steel piles above ground level. Residents will see construction equipment within the rail corridor, including an excavator, dozer, dump truck, drilling rig and concrete trucks. Residents should expect some noise, vibration, dust and site lighting. Some noise, dust and vibration is expected with this work, varying based on the type of work. Work will not be taking place simultaneously along all segments for the duration of the work.

HOURS OF WORK

- Work will occur during the day and at night, five (5) days per week (Monday to Friday).
- Work may be rescheduled due to unforeseen circumstances.

TRAFFIC & PEDESTRIAN DETAILS

- Retaining Wall 9 will be accessed via Norwood Road.
- Retaining Wall 8 will be accessed via the Loblaws parking lot at 50 Musgrave Street.
- Increased construction vehicles and equipment can be expected in the work area.
- No pedestrian or TTC impacts are anticipated with this work.

OTHER INFORMATION

- For the latest information on what's happening in your area please e-mail TorontoEast@Metrolinx.com and ask to subscribe to our weekly e-newsletter.
- Please exercise caution around active construction sites.

PROJECT INFORMATION

- We're making improvements today to bring you even more service in the future. Preparatory early works are underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit metrolinx.com/lakeshoreeastrailcorridor.

Thank you for your patience as we work to transform the rail corridor in your area.
