

Night Work: Unity Road Access Point Construction

September 27, 2021 to October 15, 2021

What work is taking place?

Crews will be conducting work at night at the existing Unity Road access gate, to build a ramp for future corridor access. Work is required to occur at night for the safety and efficiency of construction crews.

This work requires crews to stage a dump truck on Unity Road while building an access ramp into the corridor for approximately three weeks. Trucks will be parked at the end of Unity Road and will be loaded with earth by an excavator from within the corridor. Each truck will take approximately 15 minutes to load.

What to Expect

Residents can expect to see construction vehicles including dump trucks, excavators and equipment including spot lights on Unity and Torbrick Road. Work crews will take precautions to minimize disturbances to residents, including pointing lights away from residences and reducing idling and reverse operations.

Information as of September 21, 2021

HOURS OF WORK

- Work will occur during the evening and night, from 7:00 PM until 6:00 AM from September 27 to October 15
- Work may be rescheduled due to unforeseen circumstances.

- Increased construction vehicles and equipment can be expected in the work area.

OTHER INFORMATION

- For the latest information on what's happening in your area please e-mail TorontoEast@Metrolinx.com and ask to subscribe to our weekly e-newsletter.
- Please exercise caution around active construction sites.

PROJECT INFORMATION

- We're making improvements today to bring you even more service in the future. Preparatory early works are underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit metrolinx.com/lakeshoreeastrailcorridor.

Thank you for your patience as we work to transform the rail corridor in your area.
