

# WOODBINE AVE - REDUCTION TO LANE WIDTHS DUE TO BRIDGE WIDENING WORK

April 16, 2021

**Map of construction zone (yellow). Lanes widths will be reduced and shifted towards the outside edges of Woodbine Ave.**

## What work is taking place?

Crews will be mobilizing to Woodbine Avenue, north of Gerrard Street East on May 17, 2021. Once on site, crews will reduce the lane widths for vehicles and cyclists in order to start construction on the Woodbine bridge. Crews will be widening the centre bridge pier and will require space in the middle of the road to carry out the works safely. Lanes will be shifted towards the outside edges of the road. One lane for vehicles and a separate lane for cyclists will remain open for northbound and southbound traffic. Pedestrian underpasses will not be impacted. Work will be ongoing until June.

## What to Expect

Road users can expect to see the construction zone around the pier delineated and lane widths reduced between Danforth Avenue and Gerrard Street East. Traffic may move more slowly through the work zone.

Road users can also expect to see construction vehicles and equipment within the rail corridor and on Woodbine Avenue, including pile driving equipment, dozer, crane, excavator, concrete trucks, and dump trucks. Due to the nature of this work, noise, vibration dust and site lighting can be anticipated.

One lane for vehicles and a separate lane for cyclists will be maintained for those traveling both northbound and southbound. Pedestrians can continue to use the designated sidewalk traveling northbound and southbound.

## HOURS OF WORK

- Work will occur between the hours of 7:00 a.m. and 5:00 p.m. five (5) days per week (Monday to Friday).
- Work may be rescheduled due to unforeseen circumstances. Please e-mail [TorontoEast@Metrolinx.com](mailto:TorontoEast@Metrolinx.com) and ask to subscribe to our weekly e-newsletter to get updates on schedule changes.

## TRAFFIC & PEDESTRIAN DETAILS

- Bicycle and vehicular lane widths in all directions will be reduced for the duration of the work.
- Pedestrian pathways will not be impacted
- Advanced notice and updates on traffic impacts will be provided through our weekly e-newsletter.
- Increased construction vehicles and equipment can be expected in the work area.

---

## OTHER INFORMATION

- For the latest information on what's happening in your area please e-mail [TorontoEast@Metrolinx.com](mailto:TorontoEast@Metrolinx.com) and ask to subscribe to our weekly e-newsletter.
- Please exercise caution around active construction sites.

## PROJECT INFORMATION

- We're making improvements today to bring you even more service in the future. Preparatory early works are underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road and includes widening bridges where required. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit [metrolinx.com/lakeshoreeastrailcorridor](http://metrolinx.com/lakeshoreeastrailcorridor).

Thank you for your patience as we work to transform the rail corridor in your area.
