PROJECT INFORMATION

- We're making improvements today to bring you even more service in the future. Preparatory early works are getting underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit metrolinx.com/lakeshoreeastrailcorridor.

Thank you for your patience as we work to transform the rail corridor in your area.
