

Tree and Vegetation Removal

December 2021 to mid-January 2022

What work is taking place?

Work crews will be moving to the area between Jones Avenue and Carlaw Avenue in mid-December 2021. Once on site, crews will remove the remainder of the vegetation on the north and south sides of the track to make way for a future fourth track. The work is expected to last until mid-January 2022. Following the completion of this work, grading will commence in the area to prepare for retaining wall construction along Egan Avenue. Project completion is expected to be in December 2022. Additional updates will be provided as the project progresses.

What to Expect

Residents will see construction vehicles and equipment within the rail corridor, including a tree feller, feller buncher, mulcher, dozer, excavator, and dump trucks. Residents should expect some noise, vibration, dust, and site lighting.

HOURS OF WORK

- Work will occur between the hours of 7:00 a.m. and 5:00 p.m. five (5) days per week (Monday to Friday).
- Work may also occur during the night shift between the hours of 7:00 p.m. and 5:00 a.m.
- Work may be rescheduled due to unforeseen circumstances.

TRAFFIC & PEDESTRIAN DETAILS

- Minimal traffic impacts are anticipated with this work. Where traffic impacts are expected, notice will be provided through our weekly regional e-newsletter.
- Increased construction vehicles and equipment can be expected in the work area.
- No pedestrian impacts are anticipated with this work

TRANSIT INFORMATION

- No impacts to TTC or other public transit modes are anticipated during this work.

OTHER INFORMATION

- Access to the rail corridor in this area will be via Unity Road.
- For the latest information on what's happening in your area please e-mail TorontoEast@Metrolinx.com and ask to subscribe to our weekly e-newsletter.
- Please exercise caution around active construction sites.

PROJECT INFORMATION

- We're making improvements today to bring you even more service in the future. Preparatory early works are underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit metrolinx.com/lakeshoreeastrailcorridor.

Thank you for your patience as we work to transform the rail corridor in your area.
