

# Day and Night Work: Greenwood Ave. to Jones Ave.

April 2022 to May 2023

### What work is taking place?

Crews will be mobilizing to the area between Greenwood Avenue and Jones Avenue to perform work along the north side of the Lakeshore East rail corridor. This work includes installation of sediment control and tree protection fence, tree and vegetation removal followed by earthworks and grading, installation of a retaining wall and electrical raceway, and landscaping and restoration. Please see below table for details.

Construction Activities	Scheduled Start Date	Expected Duration	Hours of Work	What to Expect
Tree and Vegetation Removal	Complete	Approx. 2 months	Day shift	Clearing of trees and vegetation to allow for installation of the retaining wall. Equipment for this work includes a tree feller, feller buncher, mulcher, dozer, and excavator.
Grading	April 2022	Approx. 11 months	Day & Night Shift	Preparatory work for the retaining wall installation and construction of an access road. Equipment for this work includes: a dozer, excavator, and dump trucks.
Retaining Wall 7	April 2022	Approx. 11 months	Day & Night Shift	Installation of a retaining wall consisting of steel piles drilled into the earth and concrete panels. Equipment for this work includes an excavator, dozer, dump truck, drilling rig and concrete truck.
Retaining Wall 12	August 2022	Approx. 1 month	Day Shift	Installation of a precast retaining wall. Equipment for this work includes an excavator, dozer, dump truck, and crane.

Electrical Signal Raceway Installation	January 2023	Approx. 2 months	Day Shift	Underground installation of electrical conduit for the future track electrification. Equipment for this work includes: an excavator and packers.
Landscaping & Restoration	April 2023	Approx. 1 month	Day Shift	Tie-ins and restoration of disturbed areas including hydroseeding. Equipment for this work includes mini excavators, dump trucks, and water trucks.
* Please note that dates and times are approximate, and work could be rescheduled.				
* Please note that weekend work may be required.				

### What to Expect

Residents should expect some noise, vibration, dust, and site lighting. Work crews will take reasonable precautions to minimize disturbances to residents, including but not limited to the following:

- No idling of non-essential equipment to reduce the accumulation of construction noise.
- Pointing lights away from residential windows.
- Noise vibration monitoring will be set up to ensure that noise levels are within exposure limits.

---

### HOURS OF WORK

- Day shift work will occur between 7:00 a.m. and 7:00 p.m. five (5) days per week (Monday to Friday).
- Night shift work will occur between 7:00 p.m. and 7:00 a.m. five (5) days per week (Sunday to Thursday).
- Work may be rescheduled due to unforeseen circumstances.

### TRAFFIC & PEDESTRIAN DETAILS

- The rail corridor will be accessed through Unity Road, east of Greenwood Avenue. There will NOT be any construction staging on the access roads.
- Minimal traffic impacts are anticipated.
- Increased construction vehicles and equipment can be expected in the work area.
- Pedestrians will not be impacted at this time.
- TTC will not be impacted at this time.

### OTHER INFORMATION

- For the latest information on what’s happening in your area please e-mail [TorontoEast@Metrolinx.com](mailto:TorontoEast@Metrolinx.com) and ask to subscribe to our weekly e-newsletter.
- Please exercise caution around active construction sites.

### PROJECT INFORMATION

- We’re making improvements today to bring you even more service in the future. Preparatory early works are underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit [metrolinx.com/lakeshoreeastrailcorridor](http://metrolinx.com/lakeshoreeastrailcorridor).

**Thank you for your patience as we work to transform the rail corridor in your area.**
