

Lakeshore East Early Works: Geotechnical Work

March 2021

What Work Is Taking Place?

Beginning in mid-March 2021, Metrolinx contractors will be completing geotechnical investigative work within Merrill Bridge Road Park and Stephenson Park for three (3) weeks. The geotechnical work will consist of completing locates, boreholes, well development and soil/groundwater sampling.

This work is being completed in advance of construction in the area to ascertain baseline conditions in both of these areas.

What to Expect?

Residents will see construction fencing and equipment within the park including a geo-prob rig, which will be taken off site at the end of each working day. The contractor will be required to ensure the area is restored to its previous state after the work is completed. Residents should expect some noise, vibration, dust and site lighting.

HOURS OF WORK

- Work will occur between the hours of 7:00 am and 5:00 pm, five (5) days per week (Monday to Friday)
- Work may be rescheduled due to unforeseen circumstances.

TRAFFIC & PEDESTRIAN DETAILS

- Traffic impacts are not anticipated with this work. Where traffic impacts are expected, notice will be provided through our weekly regional e-newsletter.
- Please ensure you do not enter any areas in the park cordoned off within construction fencing for your safety. Signage will be erected in the park to this effect.

KEEPING SAFE

- Please ensure that you exercise caution for yourself and your pets around construction areas.
- All Metrolinx personnel and contractors shall fully comply with site-specific requirements and procedures related to COVID-19.

PROJECT INFORMATION

- We're making improvements today to bring you even more service in the future. Preparatory early works are getting underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit metrolinx.com/lakeshoreeastrailcorridor.
- For the latest information on what's happening in your area please e-mail TorontoEast@Metrolinx.com and ask to subscribe to our weekly e-newsletter.

Thank you for your patience as we work to transform the rail corridor in your area.
