

# Track Crossing Installation Night Work

November 23, 2020

## What is Happening?

From November 30 - December 4, 2020 crews will be completing track crossing installations (the installation of wooden planks between the rail tracks). Work will primarily be localized to the following areas: Warden Ave and Danforth Ave, Kenworthy Ave and the Pape pedestrian rail over pass at Pape Ave – project limits are between Pape Ave and Warden Ave. Alternate dates for this work are December 7-11, 2020.

## What to Expect?

Residents can expect to see construction vehicles and equipment within the project area, including hydro vacuum trucks, pick-up trucks, cube vans, dump trucks, flat deck crane truck and a high rail excavator. Crews will endeavor to minimize disruptions during night works whenever possible. Due to the nature of this work noise, vibration, dust and site lighting can be anticipated.
