

Lakeshore East Early Works: Wildwood Parking Lot

March 2021

What Work Is Taking Place?

Beginning in mid-March 2021, Metrolinx contractors will be using the parking lot on Wildwood Crescent between Ladykirk Avenue and Woodbine Avenue as a temporary site office for the work in the rail corridor east of Woodbine Avenue.

What to Expect?

The eastern portion of the parking lot will be used as a construction site office and material storage location. The parking lot will also be used by the contractor to access the rail corridor. The western portion of the parking lot will remain accessible for the use of Forward Baptist Church. Fencing will be installed around the contractor site office area with a gate for access / egress. Residents will see additional traffic through this area including employees' personal vehicles, contractor vehicles, haul trucks and concrete trucks. Residents should expect some noise, vibration, dust and site lighting.

HOURS OF WORK

- This area will be used from March 2021 until December 2022
- Contractors may require evening and weekend access to the area as required

TRAFFIC & PEDESTRIAN DETAILS

- Minimal traffic impacts are anticipated with this work. Where traffic impacts are expected, notice will be provided through our weekly regional e-newsletter.
- Increased construction vehicles and equipment can be expected in the work area.
- No pedestrian impacts are anticipated with this work.

KEEPING SAFE

- All Metrolinx personnel and contractors shall fully comply with site-specific requirements and procedures related to COVID-19.

PROJECT INFORMATION

- We're making improvements today to bring you even more service in the future. Preparatory early works are getting underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit metrolinx.com/lakeshoreeastrailcorridor.
- For the latest information on what's happening in your area please e-mail TorontoEast@Metrolinx.com and ask to subscribe to our weekly e-newsletter.

Thank you for your patience as we work to transform the rail corridor in your area.
