

Woodbine Bridge Widening

March 31, 2021

What work is taking place?

Crews will be mobilizing to Woodbine Avenue in May, 2021. Once on site, crews will be reconfiguring traffic, installing a temporary shoring system, widening the existing abutments, building an additional center pier and erecting a girder for the Metrolinx overpass bridge on Woodbine Avenue North of Gerrard Street East to facilitate the installation of future North track. Work will be ongoing until May 2022. There will be two (2) weeks of overnight work required beginning in early 2022 to install the bridge waterproofing and removing the temporary shoring on the Woodbine Bridge.

What to Expect

Residents can expect to see construction vehicles and equipment within the rail corridor and on Woodbine Avenue, including pile driving equipment, dozer, crane, excavator, concrete trucks, and dump trucks. Due to the nature of this work, noise, vibration dust and site lighting can be anticipated.

HOURS OF WORK

- Work will occur between the hours of 7:00 a.m. and 5:00 p.m. five (5) days per week (Monday to Friday).
- Some work will be required during the evening hours of 5:00 pm to 7:00 am, advanced notice of night work will be provided through our weekly e-newsletter.
- Work may be rescheduled due to unforeseen circumstances.

TRAFFIC & PEDESTRIAN DETAILS

- Bicycle and vehicular lane widths in all directions will be reduced for the duration of the work.
- Advanced notice of traffic impacts will be provided through our weekly e-newsletter.
- Increased construction vehicles and equipment can be expected in the work area.
- One of the two pedestrian pathways under the bridge will be closed at a time from July to November.
- Woodbine Avenue between Danforth Avenue and Gerrard Street E will be closed for one night in November. Advanced notice will be communicated in our weekly e-newsletter.

TRANSIT INFORMATION

- TTC Bus Route 92 may be impacted by a single-night closure.

OTHER INFORMATION

- For the latest information on what's happening in your area please e-mail TorontoEast@Metrolinx.com and ask to subscribe to our weekly e-newsletter.
- Please exercise caution around active construction sites.

PROJECT INFORMATION

- We're making improvements today to bring you even more service in the future. Preparatory early works are getting underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit metrolinx.com/lakeshoreeastrailcorridor.

Thank you for your patience as we work to transform the rail corridor in your area.
