

Overnight Geotechnical Investigation at Long Branch GO Station

August 08 to 25, 2022

*An aerial image showing the work zone at the Long Branch GO Station.
The work zone depicted is approximate and for illustrative purposes only.*

Project Overview

Metrolinx's GO Expansion program is delivering more GO service across the network, including trains every 15-minutes or better on the Lakeshore West Rail Corridor.

To support GO Expansion, we are upgrading the rail network and our GO stations to enable more frequent and fully accessible service. This includes accessibility and amenity improvements to Toronto's Long Branch GO Station located at 20 Brow Drive in Etobicoke.

What is Happening?

As part of early works for the Long Branch Station upgrades, crews will be completing a series of test pits to verify the locations of the CN Fibre optic cables.

Hours of Work

The work is expected to take place between the hours of 9:00 pm – 4:00 am, daily for 8-10 days, starting Monday August 08 until Thursday August 25, 2022. Certain activities within the rail corridor are required to take place overnight when train service is not operational.

Work may be rescheduled or extended due to weather conditions or unforeseen circumstances.

What to Expect

The crew will be working along the rail corridor using a rail hydrovac truck to expose existing cables. The crew will be creating 4-5 holes per night.

Customers and residents may experience some noise and vibration from construction vehicles

and equipment. Site lighting will be positioned away from residential properties. Site-based noise mitigation measure will be implemented to minimize the disruption as much as possible.

Traffic & Pedestrian Details

No impacts to traffic, vehicles or pedestrians are anticipated during this work.

Transit Information

No impacts to TTC, or other public transit modes are anticipated during this work.

Community Engagement

We are improving transit in your community. You may have questions or need to get in touch with us as work progresses. Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the Toronto West area. Contact us at: TorontoWest@metrolinx.com or 416-202-6911.
