

Upcoming Building Demolition

- 
- The building owned by Metrolinx at **2082 Queensway Drive** is being demolished and the work is expected to start in early August.
 - Demolition is necessary based on the potential community health and safety risks (fire hazards, etc.). Community safety is our top priority. In some instances, properties are being demolished to accommodate future transit expansion and infrastructure.

WHAT DOES THIS MEAN FOR YOU?

- Residents and businesses near the demolition site can anticipate noise from excavators, construction equipment and removal of debris.
- Work will be completed Monday to Friday between 7 a.m. and 5 p.m. There may be some work done on the weekends.
- Demolition contractor, **Priestly Demolition**, will abide by all City of Burlington bylaws for noise and dust mitigation.
- Anticipated completion is in late September, however timelines may change based on weather and other unforeseen circumstances.
