

# Designated Substance Survey on University Avenue near Queen Street West

Aug 26, 2022

## What is happening?

MetroLinx will be using handheld cameras and measuring tools to assess landscape features that will be temporarily dismantled and stored for protection during construction. Features will be reinstated after construction is complete.

## Timing

- **Scheduled start:** Aug 26, 2022
- **Duration:** One day
- **Days:** Friday
- **Hours:** 8 a.m.-5 p.m.

## What to expect

- A small field crew will be photo documenting landscape features like the planters and fountain in the median near the University and Queen intersection. Photo documenting includes taking photographs, measurements, and notes.
- Material samples may need to be obtained to carry out a Designated Substance Survey. This includes taking small samples to test for asbestos or lead (if observed) with small, hand-powered tools.
- There will be no pedestrian or traffic impacts associated with this work.
- Work may be delayed or rescheduled due to inclement weather or unforeseen circumstances.
