

Demolition at 1/1A Atlantic Avenue to get ready for Exhibition Station early works

Starting as early as January 17, 2022

What is happening?
 Metrolinx will be preparing the site at 1 and 1A Atlantic Avenue for upcoming early works construction activities.

 Early works construction will put infrastructure in place to help keep people moving through Exhibition Station during future Ontario Line construction.

Timing

- **Scheduled start:** January 17, 2022
- **Duration:** Up to six weeks
- **Days:** Monday-Friday
- **Hours:** 7 a.m.- 7 p.m.

What to expect

- Preparatory activities to get ready for early works construction at Exhibition are continuing with the demolition of existing structures on the 1/1A Atlantic Avenue property.
- The work area will be inaccessible and protected by construction fencing to ensure the safety of the public.
- Residents and businesses near the work site can expect to hear noise caused by trucks and other construction equipment. No impact on pedestrians, traffic/road access or GO service is expected.
- Early works construction will begin early this year. Some of the first early works will include opening an existing but unopened tunnel extension and entrance building to ensure uninterrupted access to the station for passengers. Additional early works construction details and timing will be shared as plans proceed.
- We will coordinate work to ensure GO customer impacts are kept to a minimum, including completing work during off-peak hours and ensuring that there are always accessible paths.

The Ontario Line

15.6 kilometres of transit service

Making it faster and easier for hundreds of thousands of people to get where they need to be

Over 40 new connections to GO train lines and existing subway, streetcar, and bus lines.
