

Environmental Site Assessment at 1 Atlantic Avenue

Starting as early as September 1, 2021

What is happening?

MetroLinx will be using small drill rigs and trucks to gather information and evaluate underground conditions. Using this information, MetroLinx can begin to determine the construction approach for this project.

Timing

- **Scheduled start:** September 1, 2021
- **Duration:** 5 weeks
- **Days:** Monday-Friday
- **Hours:** 8 a.m.- 5 p.m.

What to expect

- A Phase Two Environmental Site Assessment (ESA) will be completed. Work will include a preliminary site visit, a site visit to locate public utilities, investigative drilling and installation of monitoring wells, well development and groundwater monitoring and sampling.
- Residents and businesses near the work site can expect to hear noise caused by a drill rig, trucks and other construction equipment.
- Some parking may be inaccessible during work hours in the corresponding work area.
- No impacts to pedestrians are anticipated, as all work will take place within the property limits.
- Work equipment may be left on-site until work is completed.

The Ontario Line

15.6 kilometres of transit service

Making it faster and easier for hundreds of thousands of people to get where they need to be

Over 40 new connections to GO train lines and existing subway, streetcar, and bus lines.
