

Overnight Geotechnical Drilling and Excavating at Queen St W and Spadina Ave/Bulwer St

Starting as early as October 12, 2022

What is happening?

In order to connect more people and places throughout Toronto, work is underway to deliver the new Ontario Line from the Science Centre to Exhibition Station.

Crews will be conducting drilling and excavating work in the area of Queen St W and the intersection of Spadina Ave and Bulwer St to facilitate construction of the future Ontario Line station in this area.

Timing

- **Scheduled start:** October 12th, 2022
- **Duration:** 17 days
- **Days:** Weekdays and weekday overnights
- **Work Hours:**
Bulwer St: 7 a.m. – 7 p.m.
Queen and Spadina: 9 p.m. – 5 a.m.

What to expect

- Work crews will be conducting investigative drilling and excavating work at selected locations on Queen St W and at the intersection of Spadina Ave and Bulwer St
- A hydrovac truck will be on-site and used for the excavation work.
- Drums will be left on-site outside of work hours. These will be labeled and sealed to ensure safety.
- The lane closest to the work will be temporarily closed. TTC service will not be affected during work hours.
- There will be no impacts to bike lanes or pedestrian sidewalk or access during the construction period.
- Residents and businesses near the sites may hear noise from the work crews and equipment.
- Work may be delayed or rescheduled due to inclement weather or unforeseen circumstances.

The Ontario Line

15.6 kilometres of transit service

Making it faster and easier for hundreds of thousands of people to get where they need to be

Over 40 new connections to GO train lines and existing subway, streetcar, and bus lines.
