

Investigative hydrovac work on Simcoe Street near Queen Street West

Starting as early as March 30, 2022

What is happening?
 To advance design concepts and other structural plans for the Ontario Line, Metrolinx will be using a vacuum truck to gather information and evaluate underground conditions. Using this information, Metrolinx will determine construction details for the project.

Timing

- **Scheduled start:** March 30, 2022
- **Duration:** Two days
- **Days:** Weekdays
- **Hours:** 7 a.m.-3 p.m.

What to expect

- There will be temporary impacts and diversions for pedestrian access on the western sidewalk. When the work on the sidewalk takes place, there will be signs and barricades to direct pedestrian and cyclist traffic.
- During work hours, the parking spot in front of the work site will be occupied by the hydrovac truck. There will be signs and barricades and a traffic control person on-site to assist with directing traffic.
- Residents and businesses near the work site can expect to hear noise caused by trucks and other equipment related to this work. Every effort will be made to minimize disruptions.
- Work equipment may be left on-site until work is completed.
- Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances.

The Ontario Line

 15.6 kilometres of transit service

 Making it faster and easier for hundreds of thousands of people to get where they need to be

Over 40 new connections to GO train lines and existing subway, streetcar, and bus lines.
