What to expect

- To advance design concepts and other structural plans for the Ontario Line, Metrolinx will be drilling test holes and using a vacuum truck to gather information and evaluate underground conditions.
- There will be impacts on traffic, bicycle, and pedestrian traffic, however, this will be mitigated by traffic pylons and barricades.
- There will be a paid duty officer on-site to assist with directing traffic.
- Residents and businesses near the work site can expect to hear noise caused by trucks and other equipment related to this work. Every effort will be made to minimize disruptions.
- Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances.
