

# Overnight investigative hydrovac work on York Street between Queen Street West and Adelaide Street West

Starting as early as October 18, 2021

## What is happening?

To advance design concepts and other structural plans for the Ontario Line, Metrolinx will be using a vacuum truck to gather information and evaluate underground conditions. Using this information, Metrolinx will determine construction details for the project.

## Timing

- **Scheduled start:** October 18, 2021
- **Duration:** Two nights
- **Days:** Monday and Tuesday
- **Hours:** 9 p.m. to 6 a.m.

## What to expect

- Residents and businesses near the work site can expect to hear noise caused by trucks and other equipment related to this work. Every effort will be made to minimize disruptions.
- During work hours, some temporary lane reductions will be required. A paid duty police officer will be on site to assist with traffic control.
- Sidewalk and pedestrian access will be maintained at all times.
- Please take care and watch for signs directing pedestrians when walking near construction areas. Watch for additional signs directing pedestrians as detours may be required.
- Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances.

## The Ontario Line

15.6 kilometres of transit service

Making it faster and easier for hundreds of thousands of people to get where they need to be

Over 40 new connections to GO train lines and existing subway, streetcar, and bus lines.
