

Pre-Construction Activities for the Southern Section of Moss Park

Starting as early as June 3, 2022

What is happening?
 Metrolinx will be conducting various pre-construction activities in the southern section of Moss Park that will prepare the site for the future construction of the station.

Timing

- **Scheduled start:** As early as June 3, 2022 (SAR work), and as early as June 14, 2022 (DSS/HMS work)
- **Scheduled completion:**
 - **SAR** – one day to set monitor up and one day to remove monitor
 - **DSS/HMS** – one day
- **Hours:** 8:00a.m.- 6:00p.m.

What to expect

- Crews will be conducting ongoing work in the southern portion of Moss Park including but not limited to:
 - Designated Substances and Hazardous Materials Survey
 - Species at Risk Survey
- **Species at Risk Survey (SAR):** Prior to removal of any trees, acoustic monitoring of potential bat roost habitat is required to determine if species at risk bats are using the trees to roost. This work is non-invasive and will take two (2) days to complete.
- **Designated Substances (DSS) and Hazardous Materials Survey (HMS):** The purpose of this work is to identify any designated substances and hazardous materials prior to their disturbance. The work will be conducted by two (2) work crew members who will use a camera and handheld tools to collect samples of materials located on the surface of the park.
- Work may be delayed or rescheduled due to inclement weather or unforeseen circumstances.

The Ontario Line

15.6 kilometres of transit service

Making it faster and easier for hundreds of thousands of people to get where they need to be

Over 40 new connections to GO train lines and existing subway, streetcar, and bus lines.
